House

1 party finally has the votes.
Other jams everything it can,

repeating
tired
old
defeated
points

for its base troglodytes. Joyful stooges
unveiled to say the same lame sentence.
It’s unclear if they are hangers-on or

goofy guests earning ham sandwiches.
At any rate, there's a lot of ham.

This whole mess gets saluted by some
as democracy. It's crap.

Parody badly staged. Embarrassment
to thought and culture.
